

# Fair – transparent – sustainable: that's Zurich MyWay

Welcome to Zurich MyWay! We are delighted that you have chosen our car insurance with kilometer-based billing. **Just a few more steps** and you'll be able to enjoy safe and relaxed mobility with Zurich MyWay.

**Do you already have an autoSense adapter? Find out everything you need to know in the next section.**

If you don't have an autoSense adapter yet, please continue reading on the back.

1

## Your registration

- Your insurance certificate has already been submitted to the Road Traffic Office.
- Register your car at the Road Traffic Office.
- Receive your MyWay policy by e-mail.

2

## Your activation

- Open the autoSense app.
- Open the Zurich MyWay service.
- Link your new Zurich MyWay policy.

3

## Your happy driving

- Keep your adapter plugged in at all times.
- Profit from Zurich MyWay.
- Never pay for more than 1,000 km per month.

The individual steps in detail:

**1** Is your Zurich MyWay insurance replacing an existing Zurich car insurance policy? No problem! We will convert your insurance and refund any premiums already paid for your previous policy for the remaining contract term.

Before you can start driving with Zurich MyWay, you will need an insurance certificate and you will have to re-register your vehicle at the Road Traffic Office in your canton of residence. Your local garage may also be able to do this for you.

Would you like to register your vehicle within the next two days? Then please give us a call on 0800 80 80 80. If you register the vehicle later, your insurance certificate will automatically be available at the Road Traffic Office in electronic form.

You will receive your new MyWay insurance policy by e-mail as soon as you have registered your car.

**2** The next step is to link your Zurich MyWay policy to your autoSense account. To do so, open the Zurich MyWay service in the app of our partner autoSense and link your new Zurich MyWay policy to the service.

**Please note:** the link does not work via the general Zurich service, but only via the Zurich MyWay service. The benefits of Zurich MyWay are available to you immediately.

**3** You are now ready to hit the road with Zurich MyWay. Please leave your autoSense adapter plugged in at all times. This will allow us to bill you by the kilometer and send your individual invoice by post or eBill at the end of the month.

Don't worry if you are planning a longer trip: we won't charge you any more than 1,000 km per calendar month.

## You don't have an autoSense adapter yet?

Then start your journey with Zurich MyWay as follows:

1

### Your registration

- Your insurance certificate has already been submitted to the Road Traffic Office.
- Register your car at the Road Traffic Office.
- Receive your MyWay policy by e-mail.

2

### Your autoSense adapter

- Receive your adapter by post.
- Install your adapter.
- In the meantime, you are already insured.

3

### Your activation

- Download the autoSense app & create an account.
- Open the Zurich MyWay service.
- Link your new Zurich MyWay policy.

4

### Your happy driving

- Keep your adapter plugged in at all times.
- Profit from Zurich MyWay.
- Never pay for more than 1,000 km per month.

The individual steps in detail:

- 1** Is your Zurich MyWay insurance replacing an existing Zurich car insurance policy? No problem! We will convert your insurance and refund any premiums already paid for your previous policy for the remaining contract term.

Before you can start driving with Zurich MyWay, you will need an insurance certificate and you will have to re-register your vehicle at the Road Traffic Office in your canton of residence. Your local garage may also be able to do this for you.

Would you like to register your vehicle within the next two days? Then please give us a call on 0800 80 80 80. If you register the vehicle later, your insurance certificate will automatically be available at the Road Traffic Office in electronic form.

You will receive your new MyWay insurance policy by e-mail as soon as you have registered your car.

- 2** To profit from Zurich MyWay and enjoy full cost transparency at all times, you need an adapter from our partner autoSense, the digital driving assistant.

If you have not yet ordered an autoSense adapter, you can order one by sending an e-mail to [contact@zurich.ch](mailto:contact@zurich.ch) or at [www.zurich.ch/autosense](http://www.zurich.ch/autosense).

As soon as your autoSense adapter arrives, you should connect it to the OBD-II port in your car immediately. You will receive instructions on how to do this with the adapter.

Your car is registered and the Zurich MyWay policy has arrived, but you haven't received your autoSense adapter yet? No problem: until your adapter arrives, you will nevertheless be able to benefit from your insurance and only pay the basic premium for this period (maximum five days from the order).

- 3** In the next step, you can download the app of our partner autoSense and open an account there.

Once you have done this, open the Zurich MyWay service in the app and link your newly concluded Zurich MyWay policy to the service.

**Please note:** the link does not work via the general Zurich service, but only via the Zurich MyWay service. The benefits of Zurich MyWay are available to you immediately.

- 4** You are now ready to hit the road with Zurich MyWay. Please leave your autoSense adapter plugged in at all times. This will allow us to bill you by the kilometer and send you your individual invoice by post or eBill at the end of the month.

Don't worry if you are planning a longer trip: we won't charge you any more than 1,000 km per calendar month.

Please do not hesitate to contact us at any time if you have any questions. You can reach us at:
